NEW

This summer, Fields Pond campers will be grouped by age to create a more individualized and engaging outdoor education experience. Each week features a shared theme with age-appropriate activities designed just for them!

Songbirds

Students entering 1st-3rd grade

Raptors

Students entering 4th-6th grade

INFO/REGISTRATION: MAINEAUDUBON.ORG/CAMPS

Entering 1st-3rd grade

SONGBIRDS

Entering 4th-6th grade

RAPTORS

Birds June 22–26	Discover what makes a bird a bird while identifying the local birds at Fields Pond.	Taking Flight	Avian Adventures
Outdoor Adventures June 29–July 2*	Explore a new habitat each day, diving into what makes them unique and what creatures call them home.	Habitat Explorers	Adventure Quest
Mammals July 6–10	Investigate who might be scurrying, waddling, and sprinting through Maine while honing tracking and identification skills of local mammals.	Mammal Mania	Mammals of Maine
Community Science July 13–17	Community scientists unite! Spend the week making a real difference as campers contribute to several local projects.	I am a Scientist Camp	Biodiversity Base Camp
Water July 27–31	Cool off with us this summer as we splash, splash, and slip our way through water science fun.	Splash Zone	Water Wonders
Your Place in Nature August 3–7	Young naturalists connect with nature by exploring the intersection of science and art.	Nature by Design	Rooted in Nature
Science August 10–14	Help us turn our 230-acre wildlife sanctuary into a nature laboratory! Campers design their own experiments, and make some incredible scientific creations.	Curiosity Crew	Nature Lab
Insects August 17–21	Calling all bug hunters! Young entomologists investigate the wonder and mystery of these abundant critters.	Buzz, Flutter, Crawl	Buggin' Out

* this camp week is 4 days due to the Independence Day holiday on July 3. The price will be adjusted for the shorter week.
